

Process Solutions is an ex-Arthur Andersen Business Process Outsourcing (BPO) Group now operating a dynamic and rapidly expanding independent accounting business in the European region, delivering services to some of the largest corporations in the world. Through our own offices and together with our partner network we deliver high-quality finance and accounting services for multi-national companies in more than twenty European countries. Working in partnership with our multi-national clients, our Group provides them with professional “hands-on” accounting support. In order to support the fast-growing demand for high-quality accounting services in the region, the Group is seeking to recruit talented new professionals.

Senior Accountant

(Bratislava)

Principal responsibilities:

- co-ordinate and control several projects simultaneously, involving tasks from transaction processing to VAT returns,
- and from management reports to financial statements;
- maintain communication with clients, their auditors and tax authorities;
- organise and supervise work of the team;
- identify and manage risk;
- solve business problems;
- be an effective advisor and mentor for the team;
- instill in staff commitment to quality service for clients' success.

Requirements:

- at least three-years relevant experience in a multinational environment;
- at least one year experience in managing staff;
- knowledge and experience in Slovak accounting and tax (some experience in IFRS is an advantage);
- client oriented attitude;
- adapted to a dynamic, fast-paced environment;
- integrity and straight thinking;
- university degree in economics or accounting;
- fluent verbal and written English.

What we offer:

- outstanding remuneration package;
- excellent career route;
- professional challenge in a multinational environment;
- international training abroad;
- exposure to international projects.
